

Dear Providence Academy Families,

Please take a moment to let us know how you will travel to and from school by filling out the [Transportation Intent Form](#). **ALL** families, regardless of how your student travels to and from school, need to fill this form out by June 10th, 2015.

The transportation department is planning for a great 2015-2016. Providence Academy offers convenient options for bringing your children to and from our single campus in Plymouth. Students in grades Kindergarten through 12 may take advantage of our busing services. Busing is also available to Pre-Kindergarten students when accompanied by an older sibling. The same driver serves your family throughout the year and will often service a route for multiple years as a reliable partner in getting your child safely to and from school. We also offer "late bus" service to accommodate after school activities. Other transportation options available include parent drop-off and pickup, car pools, as well as Wayzata School District (#284) provided transportation (for residents), and Plymouth Dial-A-Ride services (for residents).

[Transportation Intent Forms](#) are due by **June 10th, 2015** to ensure our ability to develop efficient routes. Once the forms have been processed, transportation contracts will be forwarded to those families seeking Providence Academy bus services or Student Parking Permits. For more information on Student Parking Permits, please contact the Upper School Office by calling (763) 258-5500.
