Spend Your Summer at Providence!

PROVIDENCE ACADEMY

WELCOME

All of us at Providence Academy are so excited to invite you and your family to experience a variety of enriching and fun experiences for students age 5 to those in the high school Class of 2022. Participants do not need to be enrolled at Providence Academy to participate and may register for one activity or several. The PALS Camp is an excellent option for students, age 5 through entering grade 6, who want a full-day camp experience.

We promote active learning in a safe and comfortable environment by providing quality content, excellent instructors, and a focus on faith in God and moral character. Most activities take place on the school's beautiful 42-acre campus, conveniently located in Plymouth, allowing students to take advantage of the outstanding available resources, including a synthetic multi-sport field and state-of-the-art performing arts center.

Many of our programs reach enrollment capacity, so we encourage you to register as soon as possible at www.providenceacademy.org/summer.

We look forward to being a part of your summer!

ABRAKADOODLE

Abakadoodle art education helps kids soar into the amazing universe of the visual arts. Creative and fun classes offer a thrilling format for art exploration. Students are introduced to a wide variety of mediums and are encouraged to express themselves through their artwork in a supportive, positive and self esteem-building atmosphere. Lessons, taught by professional and caring art teachers, are engaging and fun. And, best of all, you get to leave the mess with us! All Abakadoodle students should bring a snack and beverage and wear recess attire.

Unicorns, Charming Pets and Magical Creatures

In this creative and whimsical camp we'll draw, paint and sculpt and collage as we create magical and adorable projects like unicorns, narwhals, super cute puppies and kittens, along with many other charming art projects. Bring a snack and beverage and wear recess attire.

ACTIVITIES & ARTS

ENGINEERING FOR KIDS

Engineering For Kids brings science, technology, engineering, and math (STEM), to kids in a fun and challenging way and inspires children to build on their natural curiosity by teaching engineering concepts through hands-on learning.

New! Disaster Engineering

Hurricanes, tornadoes, and other destructive weather events highlight the role of engineers in improving forecasts and reducing the toll from natural disasters. Join our Disaster Engineering camp to brainstorm ideas and then use the Engineering Design Process to design, create, test and refine projects to avoid or minimize the impact of natural disasters like guiding search & rescue robots, measuring wind speeds and designing sturdier buildings.

Engineering for Good

Creative engineering with real impact! You have the power to design a better world! Join our Engineering for Good Camp to create an invention that makes a difference! Invent ways to contain an oil spill, engineer a new beak for an injured eagle, build a wind turbine and more. You will brainstorm ideas and then use the Engineering Design Process to design, create, test, and refine your creations. On the last day, you create your own invention that will make a difference, present your unique product to your peers and explain what you've invented and how it can help make life better for the customer. Bring your passion for good and ideas to create a better world!

Survivor Island

Students will find themselves stranded on an abandoned island filled with perilous obstacles - dark caves, wild animals, cold temperatures, little food, and separation from the comforts of home. They will work collaboratively with their tribe members to compete against other tribes in specific engineering-related projects aimed at trying to survive the harsh island conditions and escape to their freedom. The tribe with the most points at the end of the week will claim the honor of being the winners of Survivor Island!

New! Take Flight with UAV Drones

Take to the skies with mini drones! Housing a thrilling, hands-on aerial robotics platform, this camp is the perfect introduction to the world of unmanned aerial vehicles (UAVs). In this indoor camp, safety is a priority as students learn to fly and explore the real-world applications of drones. Students will master basic piloting skills, program their drone to fly on its own, and use the Engineering Design Process to problem solve. Putting critical thinking to the test, the camp also has students brainstorm ways drones could be used for good, sketching out their ideas for new and innovative drones and uses.

ACTIVITIES & ARTS

TECH TAC TOE

Technological literacy is becoming as important as knowing how to read and write. Tech Tac Toe's mission is to spread this knowledge through high quality classes that motivate and get young minds excited about technology, computers and science.

Classes are designed to engage children in multiple ways: from conceptualization to design, ultimately building life skills such as problem solving, logic, and creativity. Programs are presented in a kid-friendly way and tailored to their abilities. We make great use of video game programming and other fun computer-based programs, as it allows children to learn the way they learn best: by playing! All Tech Tac Toe students should bring a snack and beverage.

New! Crazy Concoctions and Insane Inventions

Messy? Slimy? Sticky? If all this sounds super fun, this is a must take camp for you! Join us in this messy and super exciting camp and have a blast exploring chemical reactions in a fun, slimy way, creating all kinds of ooey gooey, sticky, bouncy, slimy mixtures. Kids will also challenged to solve fun engineering problems and so much more. In this class all the mess stays behind, as fun memories and learning go home. All Tech Tac Toe students should bring a snack and beverage.

ACTIVITIES & ARTS

YOUTH TECH INC.

Youth Tech Inc. is an interactive computer camp that focuses on providing enrichment opportunities to students in the world of computers. With a caring environment at the core of camp values, Youth Tech strives to create a positive learning community that encourages creativity, fun and academic excellence.

Application Design

This class offers students a hands on look at the world of application design and development. This interactive course will instruct students about the design and development of applications. Students will design their own app, which can be shared with friends and family members with an Apple or Android device.

SKYHAWKS

Skyhawks provides a wide variety of fun, safe and positive programs that emphasize critical lessons in sports and life, such as teamwork, respect and sportsmanship. All participants receive a medal. Programs are designed to give each child a positive introduction into sports while fostering a lifelong love for an active and healthy lifestyle. Their patient and knowledgeable staff use a variety of skill-building games and activities to give each athlete a complete understanding and overview of the sport. Participants should wear appropriate clothing, shoes, and sunscreen and bring two snacks and a water bottle.

Flag Football

Skyhawks flag football is the perfect program for your young athletes who want a complete introduction to America's Game or for those who simply want to brush up on their skills in preparation for league play. Through our 'skill of the day' campers will learn skills on both sides of the ball including the core components of passing, catching, and de-flagging or defensive positioning - all presented in a fun & positive environment. The week ends with the Skyhawks Sports Bowl, giving participants a chance to showcase their skills on the gridiron! Participants should wear appropriate clothing, shoes, and sunscreen. Please bring two snacks and a water bottle.

Mini-Hawk (Soccer, T-Ball, Basketball)

This multi-sport program was developed to give children a positive first step into athletics. The essentials of baseball, basketball and soccer are taught in a safe, structured environment with lots of encouragement and a big focus on fun. Our Mini-Hawk games and activities were designed to allow campers to explore balance, movement, hand/eye coordination, and skill development at their own pace. Skyhawks staff are trained to handle the specific needs of young athletes. Participants should wear appropriate clothing, shoes, and sunscreen. Please bring two snacks and a water bottle.

Tennis

Skyhawks Sports tennis breaks down the fundamental skills of tennis through easily understood games and exercises to help improve the athlete's overall coordination and technique. Players learn proper grips, footwork, strokes, volleys and serves during a series of drills designed to teach skills in a fun and dynamic way. In addition to developing a love for tennis, athletes will learn the rules and etiquette that make tennis such an exciting game to play. Due to limited court space, these programs fill quickly. Participants should wear appropriate clothing and shoes. Bring two snacks and a water bottle.

ACADEMICS

Popular! CUSTOMIZED ACADEMIC ENRICHMENT

During the school year, Providence Academy faculty work to instill a love of learning, along with habits of virtue, that will help students meet the challenges of education and of life beyond the school's walls. We're pleased to continue that work during summer months by offering an array of customized, one-on-one opportunities in hourly blocks, designed to meet the needs of individual students from any school as they further develop academic skills and confidence in their own abilities. Dates and times listed indicate the instructors availability; work with them directly to schedule individual sessions.

Language of Math with Ms. Behrens or Ms. Greene

Students will review their math concepts (Investigations and above) and work to understand the language of math in one-on-one tutoring sessions. This is an excellent way to keep up on all necessary skills for future math classes. Please bring a pencil and paper. Minimum of six sessions.

SOC Insect-Microbiome Antibiotic Bioprospecting Research

This Seeds of Change summer intensive workshop trains students to isolate antibiotic-producing bacteria that live symbiotically on and within insects (100-1000 times more effective than on/within soils) using the same methods as graduate-level researchers. In this course, students will learn how to: 1) isolate bacteria strains from insect samples, 2) establish isolate morphologies and other bioassay characteristics, 3) co-culture for antimicrobial inhibition against antagonists, 4) use polymerase chain reaction (PCR) and electrophoresis to amplify and visualize genes, 5) analyze 16S rRNA gene sequence results and establish phylogenetic ancestry (MOLE-BLAST and MEGA), and 6) analyze whole-genome sequencing results using antiSMASH to identify biosynthetic gene clusters (BGCs) that encode novel pathways for secondary metabolites with potential medical applications.

Dates: (optional) June 8th 1-3 PM (Tu) Students Isolate Actinobacteria from Insect Microbiomes (so that Actino's will be grown and ready to work with on June 28th) June 28-July 2 (M-Th 9 AM-5 PM, Friday 9 AM-noon) July 15th 9 AM-1 PM (Th)

PALS

PALS Full-Day Camp

PALS Camp is designed for the student who is interested in a full-day camp experience. The camp provides enriching and fun activities for children age 5 through those entering grade 6, including a weekly field trip (subject to change based on COVID restrictions). All campers are exposed to daily activities that help them to stay abreast of some of their academic skills, introduce them to a new skill or interest, and enjoy time with new and old friends alike!

Age 5 - Grade 2

The full day experience for our campers in this age range is theme-based. Sessions offer a variety of athletic and enrichment activities, arts and crafts, hands-on learning, reading and more.

Grades 3-6

Students entering grades 3-6 will participate in a weekly activity offered on campus.

SESSION DAYS & TIMES

PALS camp is conducted Monday through Friday from 8:00 a.m. to 3:00 p.m., with an extended day option until 5:30 p.m. Weekly sessions are scheduled from June 14th to August 20th. Students may participate in one week, several weeks, or all eleven sessions. **PLEASE NOTE: Session 10 is not available as a weekly option, but is included only in the full summer 10-week option.**

Key Information for All Camps

GENERAL INFORMATION

Contact Information

Questions regarding Providence Academy Summer Programs may be directed to Eric England at Eric.England@ProvidenceAcademy.org.

Location

Providence Academy is located at 15100 Schmidt Lake Road in Plymouth, 55441. Specific room and facilities assignments will be communicated via an email reminder sent one week before the start of each activity. Information will also be posted inside the main entrance of the building.

Registration Deadline

In general, registration remains open at providenceacademy.org/summer until one week before the beginning of each camp.

Summer Program Dates

Summer Programs are offered weekdays June 14th through August 20th. In observance of the Independence Day holiday, no programs will be conducted on Monday, July 5.

POLICIES & PROCEDURES

Absences

Tuition will not be prorated or refunded due to school closings, family vacations or conflicting activities. If a student is asked to withdraw from an activity because of inappropriate conduct, a refund will not be issued. A refund for medical reasons is applicable for absences of two days or longer, and a doctor's note is required.

Attire

Participants and staff are required to dress appropriately. Clothing must be neat, clean, modest, and free of offensive advertisements and slogans. Participants that dress outside of these expectations may be required to change into more appropriate attire.

Cancellation Policy

Providence Academy reserves the right to cancel any offering and will make every effort to notify families at least two weeks prior to the start date. In the event of cancellation, participants will have the option of applying the tuition toward another offering or obtaining a full refund.

Comportment

Providence Academy promotes respect among individuals and does not tolerate foul or threatening language, harassment or bullying, or other inappropriate conduct. Students may be asked to withdraw from the program if this policy is violated.

Drop-Off and Pick-Up Procedures

All students are expected to be present at the appropriate meeting location at the start of the activity and must be picked up by the end of the activity. Providence Academy reserves the right to charge a late pick-up fee in the event a child is not picked up by the end of the session time. The fee is \$1 per minute, per child.

Emergency Contact & Medical Information

Registration must include emergency contact and medical information to be considered complete. Authorization for administration of medication is also required, if applicable.

Min/Max Number of Participants & Waitlist

Each camp has a minimum and maximum number of participants and these requirements vary from activity to activity. A minimum number of participants is required in order for an offering to be conducted; **the activity is subject to cancellation if it does not reach the required number of participants**. The maximum number of students is determined based on the type of camp and the appropriate student to teacher ratio, so that all participants may gain the full experience of the camp; a waitlist is available for activities that reach the maximum number of participants.

Payment

Payment in full is required at time of registration; a \$25 fee will be assessed for payment that cannot be processed because of insufficient funds or a declined credit card.

Photographs

Providence Academy, its official representatives and assigns, have the irrevocable and unrestricted right to use and publish photographs of all the Providence Academy Summer Activities participants for editorial, trade, advertising, and any other purpose and in any manner and medium. Providence Academy and its official representatives and assigns are released from all claims and liability relating to said photographs.

Supervision

All students in the building must be under adult supervision.

Weather

If a session must be cancelled due to inclement weather, or any other unforeseen circumstance, the instructor will contact participants regarding the cancellation.

Withdrawal & Refund Policy

If you wish to withdraw any registration, your fee will be refunded if you request cancellation at least 20 days before the start of the session. To ensure staffing and program commitments to all families, refunds will only be granted after that date in the event of illness.

Phone withdrawals are not permitted. Withdrawals must be submitted in writing to Eric England at Eric.England@providenceacademy.org
